PROFILE

Skilled in front-end development languages such as HTML, CSS, and JavaScript, as well as back-end technologies such as PHP and MySQL. Proven ability to collaborate with cross-functional teams and prioritize deadlines to deliver exceptional results. Seeking new opportunities to utilize my technical expertise and contribute to digital innovation.

PROJECTS

• E-COMMERCE WEBSITE

Developed an interactive e-commerce website that enabled customers to purchase a wide range of products. Implemented user-friendly features like shopping carts, and responsive design.

• TINDOG WEBSITE

Developed a responsive front-end website using HTML, CSS, and Bootstrap, showcasing a strong foundation in web development and design principles. Created a user-friendly and visually appealing online presence through effective use of these technologies

• NETFLIX CLONE

Designed and implemented a Netflix clone project using HTML, CSS, and JavaScript, showcasing strong front-end development skills and the ability to recreate a popular website's user interface and functionality
